

A holiday that makes the "difference"

Information on the waste service on the Island of Elba

Here on Elba Island recycling is done according to these colours:

If you have booked a flat or room for your stay on Elba, please take note of some useful information for the correct disposal of refuse: manner of collection, bulk-waste pick-up, collection points.

We recommend that you ask for more detailed information at the front desks or from the owners of the facilities you are staying at.

You can also use the information system provided by ESA Spa whose references are shown below.

Download the app **portaAPPorta Esa**  

www.raccoltadifferenziataisoladelba.it

Differentiated waste collection on Elba takes place by means of special containers to be found on roads or, where provided, door-to-door

Collection point

In order to assist you throughout the territory, there are several "recycling points" for you to turn in your differentiated waste. The list and opening hours of the recycling points and the calendar for door-to-door waste collection can be checked out by downloading our app on your telephone, by visiting our website or by calling our toll-free number.
